AUTISM ACCEPTANCE 101

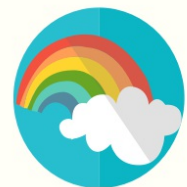

Autism Acceptance sounds simple enough, but what does it really mean for parents of autistic children?

AUTISM
ACCEPTANCE

IS NOT:

- ✘ ignoring challenges for parents or children
- ✘ giving up on your child or having low expectations
- ✘ pretending that life is all unicorn farts & rainbows!

AUTISM
ACCEPTANCE

IS :

- ✓ accepting that autism is an inextricable part of your child
- ✓ acknowledging your child's unique challenges & needs
- ✓ providing supports & helping your child thrive...

... as an autistic person!
